

## You are invited to: A CMC Faculty Workshop Intro & Advanced Sakai

### **Sakai at The Claremont Colleges**

Welcome to Sakai at The Claremont Colleges - a course management and collaborative learning tool. This system serves faculty, staff and students of all seven Claremont Colleges and the Claremont University Consortium.

Sakai provides an online platform to support teaching and learning, ad hoc group collaboration, and research collaboration. It is a free and open source product that is built and maintained by the Sakai community.

### **How will I benefit from attending the workshop?**

By the end of this workshop, you will have an introduction to commonly used tools in Sakai and a knowledge of how to effectively use those tools in conjunction with your course materials. We will also cover some of the new and improved features found in Sakai 2.7.

### **You can also get a head start building your Sakai Course...**

You are encouraged to bring course materials with you on CD, DVD, or a flash drive to start building your course site.

### **Who is the workshop instructor?**

Benjamin Royas: Instructional Technology Specialist  
Sylvester Segura: Academic Computing Support Specialist

### **When:**

Intro: 9:30 am to 11:30 am, Wednesday, January 11, 2012  
Advanced: 1:30 pm to 3:30 pm, Wednesday, January 11, 2012  
Intro: 9:30 am to 11:30 am, Thursday, January 12, 2012  
Course-Building: 1:30 pm to 4:00 pm, Thursday, January 12, 2012

### **Where:**

Kravis 165 (Kravis Technology Classroom)

### **Registration Contact:**

Benjamin Royas | (909) 607-8647 | broyas@cmc.edu  
Sylvester Segura | (909) 621-8236 | ssegura@cmc.edu

### **Faculty Stipend!**

**Each faculty member will receive a \$50 stipend for their participation in this workshop.**
